

# 4.

## AGRUPAMIENTO

### 4.2 GROUP BY / HAVING

GROUP BY / HAVING

## Ejemplos Agrupación: **GROUP BY**

```
SELECT count(film_id), rental_rate  
FROM film  
GROUP BY rental_rate  
;
```

```
SELECT count(film_id), rental_rate  
FROM film  
WHERE replacement_cost <= 20  
GROUP BY rental_rate  
ORDER BY rental_rate DESC  
;
```

# IMPORTANTE

## GROUP BY

Si requerimos de agrupación, no podemos exigir detalle y viceversa

## Agrupación: **GROUP BY / HAVING**

```
SELECT count(film_id), replacement_cost
FROM film
WHERE replacement_cost <= 20
GROUP BY replacement_cost
HAVING count(film_id) >= 50
ORDER BY replacement_cost
;
```

# IMPORTANTE

## HAVING

Hay quien llama a HAVING 'El Where dentro del Where' ;)

**¡GRACIAS!**
